Welcome to this wonderful Castlewood Ranch home with 3 beds, 3 baths, 2 car garage and an oversized level yard!

Immediately as you walk in you'll feel how bright and open it feels and tons of natural light soak the great room from high above windows in the two story vaulted ceilings. Plenty of space for any furniture layout, the Great Room offers multiple options to relax in. Especially next to the cozy, multi-sided gas fireplace which almost becomes a beautiful focal point of the room.

On the other side of the fireplace you'll find a large and open kitchen area designed to be both functional for daily life but also a perfect entertaining area as guest can easily flow through the great room to the kitchen and even outback. Neighborly BBQ's and get togethers are going to be in your future with this enticing layout.

Take a peek out back and envision the masterpiece of a lawn you'll be able to create here. Large level with intelligently laid out "irrigation zones" for both drip, garden and watering.
